

2008/2009 SASKENERGY GRASSROOTS SEMINARS

GRANT INFORMATION AND APPLICATION

The Skate Canada Saskatchewan and the Skater Development Committee is offering a grant of up to \$300.00 to affiliated Skate Canada clubs to host a SaskEnergy Grassroots seminar. **The number of grants is limited and must be applied for by November 3rd, 2008.** A Grassroots seminar may be any type of seminar that a club feels will benefit its members both on and/or off the ice. The seminar should provide a learning opportunity as well as generate a positive and enthusiastic activity for the club. It should be designed with a balance of fun and education. The Skater Development Committee has a standard one-day seminar, which touches on all parts of figure skating and may be used by a club. However, a club may feel its needs are to focus on free skate, skating skills, stroking, presentation or synchronized skating. A club may also feel it needs to have a seminar in dance and/or partnering. If possible, the host club should invite skaters and coaches from their region to attend the seminar. Seminars can also be 1/2 days in length. All Seminars must be completed by March 1st, 2009. **If you would like to host a Seminar before November 1st please contact the Skater Development Office regarding your grant application.**

In deciding if your club would like to host a Grassroots Seminar, it is suggested to consult with your club coach and skaters. If there is a need in your club and you feel you would like a seminar, please fill in the attached Grant Application. The Skater Development Office will be available to assist your club in hiring seminar conductors, organizing a schedule for the seminar, and providing manuals if needed and generally helping with other administrative concerns such as the seminar budget. **In applying to host a seminar, a club should consider the following:**

Responsibility to SaskEnergy and Skate Canada – Saskatchewan: Host clubs must use SaskEnergy in all publications involving the seminars and must post a SaskEnergy poster during the seminar. Skate Canada – Saskatchewan will provide the poster. The host club must also take pictures during the seminar and submit them with the follow-up report. The follow-up report must also have copies of all the publicity used to promote and report on the SaskEnergy seminar.

What type of seminar - one day, 1/2 day, freeskate, skating skills, presentation, precision, dance, partnering or combination

Who should attend - local skaters, skaters from region, ages of skaters, level of skating ability, parents

Who should conduct seminar - local coaches, coaches supplied by Skater Development, other coaches in region, out of province

Where it should be held & number of hours - on-ice sessions & off-ice sessions, classrooms

When it should be held - beginning of season, before test days, end of season, Saturday or Sunday - Are the times convenient?

How will it all work - advertisement, materials (manuals as well as overheads & VCR - generally depends on seminar & coach delivering seminar. Will you provide lunch as well as volunteers needed, music equipment, participation fee for those attending, etc.

A club should also have a tentative budget in place when applying for this grant and a form is attached to help with this process. The Program Developer, Dale Hazell of Skate Canada – Saskatchewan will be available to assist your club in any way possible if necessary. Phone (306) 975-0838 or fax (306) 242-8007 or saskskatercoach@shaw.ca for his assistance.

Hopefully you will use this opportunity to benefit your club. Remember the deadline date for the seminar application is **MONDAY NOVEMBER 3rd, 2008**. If your club is selected to host a Grassroots Seminar the grant will be issued once the Skater Development Office receives a follow-up report one week following completion of the seminar. Notification of your acceptance will be by November 17th, 2008. A follow-up report form will be sent with notification.

SASKENERGY Grassroots Seminar Grant Application - 2008/2009
