# Competition Changes – 2010/11 Skating Season

There are a few changes we want everyone should be aware of for the next skating year in our province.

**Regional Competitions**
The tech packages for the Regional Invitationals will no longer include a Canskate competition. Keeping in line with the LTAD format, the competition for the CanSkate program will no longer be offered. It is recommended that all regions use the CanSkate FunFest format in place of the competition.

As some regions are not familiar with the CanSkate FunFest format, we will be giving a presentation on this at the AGM in April and will include it as part of the training for the Fall Skate-Ins this year. Please make sure your clubs attend these training opportunities.

**STARSkate Provincial Competition**
.

- There will now be age restrictions in the Pre-preliminary and Preliminary freeskate events. These restrictions are as follows:
  Pre-preliminary - 9 and under category
  - 11 and under category
  Preliminary - 10 and under category
  - 12 and under category
  All ages will be as July 1st of the year proceeding the event.

- The STARSkate competition will now be judged in the CPC scoring system.

- The Creative Combo event will not be offered in this year's tech pack.

Full details for the competition will be included in the Tech Package this fall.
For more information or if you have questions, please contact Sherri Roger, Competition Chairperson at dsroger@accesscomm.ca
